Who We Are

HEALTH-LANE LLC is dedicated to providing premium adult portable hygiene products tailored for women's health and pregnancy needs. With a focus on comfort, convenience, and discretion, our solutions are designed to support women on the go. Our premier unisex product, the Emergency Urine Bag, is an innovative, practical tool for times when traditional facilities are unavailable or inaccessible. Perfect for children, men, pregnant women, long-distance travelers, and those with limited mobility, these urine bags are designed for easy, hygienic disposal. Available exclusively on Walmart.com, we committed to delivering high-quality, user-friendly products that enhance convenience, cleanliness, and peace of mind.

Why Choose Us

Tailored Solutions for Women's Health:

We focus exclusively on women's portable hygiene needs, offering thoughtfully designed products that cater to pregnancy, mobility, and lifestyle challenges.

Quality and Convenience:

Our products prioritize user-friendly, high-quality materials that ensure convenience and cleanliness, making them ideal for both daily life and emergency situations.

Trusted Accessibility:

As our flagship products are available exclusively on Walmart.com, we provide reliable access to our solutions, backed by a trusted platform for seamless shopping and delivery.

ABOUT OUR FLAGSHIP PRODUCT:

Emergency Urine Bags, 700ML

Ideal for travel, camping, emergencies, and traffic jams, providing a convenient solution for anyone in need. Each pack contains four bags suitable for men, women, children, patients, and pregnant individuals, ensuring comfort and discretion. With a leak-proof design and absorbent sheets, they guarantee hygienic use on the go.

Our Emergency Urine Bags are designed for convenience and hygiene, featuring a 700ML capacity and a leak-proof seal. Perfect for pregnant women and those with limited mobility, these bags allow for discreet use in any situation. Each pack includes four bags with absorbent sheets for easy disposal.

Good Water Absorption

Large-capacity urine bag with one absorbent cotton, which can absorb urine, vomit or other liquid wastes and turn it into odorless, anti-spilling gel, reducing liquid sloshing in the urine bag.

Reliable & Safe to Use

Made from hypoallergenic and non-toxic materials. The sealed zipper design makes it hygienic and leak-proof, which can prevent the odor and urine from leakage.

Suitable for Special Needs Groups

Urine bags help pregnant women avoid cross-infection from public toilets and assist those with limited mobility to urinate on the spot. However, we do not recommend this product for individuals with manual dexterity issues.

Foldable and Portable

Each urine bag measures 5.2 inches wide, 11.34 inches high, and 0.118 inches deep, making it easy to store in a backpack, pocket, or glove box. Each package includes four bags, each with an absorbent cotton sheet for convenient disposal.
